

DRAFT PUKERUA BAY CLIMATE ACTION STRATEGY

The need and the opportunity

Pukerua Bay's climate change action group is a response to our growing awareness of the impact of climate change and the urgent need to lessen and mitigate its effects. It emerged from the Village Planning process and is taking the same strengths-based, partnering approach to developing a plan and taking action.

Agreements

Mandate and overarching framework: The Pukerua Bay Village Plan and its planning framework.

Premise: By activating the community values of manaakitanga and whanaungatanga, and by entering Te Tiriti-honouring relationship with mana whenua, we can best practise kaitiakitanga and mitigate and address the impact of climate change.

Te Tiriti o Waitangi: We acknowledge mana whenua of Pukerua Bay, Ngāti Toa Rangatira.
